ASA Electronics® Awarded ISO 9001:2015 Certification

FOR IMMEDIATE RELEASE

ELKHART, IN. – ASA Electronics is proud to announce we have received an ISO 9001:2015 Management System certification from SRI Quality System Registrar.

“Many of the principles of the new ISO 9001:2015 standard are engrained within our company. We are committed to continually improving our processes to provide quality products and services to our customers. These have been priorities throughout our history and I am very proud of our employees, who embrace change every day in pursuit of higher standards,” said ASA Vice President of Operations, Dan Stoltzfus.

This certification bolsters the ASA Electronics commitment to excellence and to our customers, proving that our success in business is related to our effective operating procedures. The ISO 9001:2015 certification is awarded to companies who show effective documentation and records-keeping in addition to establishing and implementing policies designed to make the organization run smoothly.

“We are pleased to acknowledge that ASA Electronics, LLC has demonstrated effective implementation of a management system. ISO 9001 certification provides evidence to customers, suppliers, employees, and their community of their commitment to producing a quality product (service) and providing customer satisfaction,” said Edward L. Maschmeier, Associate Vice President of Certification at SRI Quality System Registrar.
